Dr. B. S. Nand Kumar, Editor-in-Chief

## Dear Friends and Colleagues,

The organizing committee is delighted to invite you to the Annual Conference of Indian Society of Hospital Waste Management (ISHWMCON2024), being organized by University Environment Department, King George's Medical University Lucknow, U.P.

### About the Conference

Recent technological advances in healthcare have made the waste management multifarious. Ensuring the safety of patients, healthcare providers, waste handlers and the environs of the healthcare centers is paramount.

This requires a broad landscape ranging from the choice of tools used for providing healthcare to their safe and apt disposal.

So, tactical planning and out of the box solutions are required to ensure proper disposal of healthcare waste with special emphasis on acceptability and feasibility.

This conference shall provide an excellent opportunity for interaction among the vast panorama of academicians, policy makers, medical practitioners, students and others to achieve this aim.

**We look forward to an enthusiastic participation from all committed to better healthcare waste management.**

### About ISHWM

Indian Society of Hospital Waste Management (ISHWM) is committed to streamline the hospital waste management and eliminate hospital associated infections and injuries.

Indian Society of Hospital Waste Management is a registered body of professionals to address the issues and concerns of hospital waste at the national level, and to facilitate/advocate/ undertake research activities on issues of hospital waste management and eco-friendly disposal. ISHWM has its state chapters in Karnataka, Uttar Pradesh and Telangana and has been actively coordinating with other like minded organizations namely Ministry of Environment, Forest and Climate Change, WHO SEARO, WHO country office, Central Pollution Control board and various Government and Private Hospitals.

## About the City - Lucknow

Lucknow, the city of "Nawabs" and is also a center for education. It boasts of many Scientific and Historical Institutions, like the Industrial Institute of Toxicological Research (IITR), Central Drug Research Institute (CDRI), National Botanical Research Institute (NBRI), IIM. Historical monuments like **Imambaras, Bul Bulaya, Rumi Darwaza**, and modern structures like **Ekana Stadium, Shahid Smarak and Ambedkar Park**, attract many tourists to the city. Lucknow is known for its art, culture and warmth and is famous for its "Tahzeeb" of "Pehle Aap".

It is known world over for its "Chikan - kari" - Hand Embroidery. The Lucknow Gharana of Kathak Dance evolved here. It is also famous for its cuisines and few of them like **Tunday Kabab, Kakori Kababs and Malai Makkhan** are world famous. Dussheri Mangoes are special to this place. There is a lot to see around Lucknow as well, may it be a day's excursion to holy cities of **Ayodhya, Varanasi and Prayagraj** or for nature lovers a trip to **Jim Corbett National Park or Dudhwa National Park**, can be pre or post fixed with the main conference.

## About the KGMU

**King George's Medical University (KGMU)** is a premier medical institution located in Lucknow, Uttar Pradesh, India. Established in 1905, it has grown to become one of the largest medical universities in the country. KGMU is renowned for its comprehensive medical education and advanced research programs. The university offers a wide range of undergraduate, postgraduate, and doctoral programs in various medical and allied health sciences. It is equipped with state-of-the-art facilities and a sprawling campus that includes multiple specialized hospitals. KGMU boasts over 4,500 hospital beds, providing extensive healthcare services to a large population. The university is also known for its significant contributions to medical research and public health. With a strong focus on innovation and excellence, KGMU continues to be a leading institution in medical education and healthcare in India.
