About Indian Society of Hospital Waste Management (ISHWM)

ISHWM is a national body which deals in the management of BMW and environmental protection. It consists, of members from different medical and paramedical profession as well as the manufacturers, suppliers, service providers and other professionals of BMW management. ISHWM has different state chapters and this year it is being conducted at KGMU, Lucknow with an aim to inculcate the best practices for Biomedical Waste Management.

About Event

The organizing committee is pleased, to invite you for the 24th Annual Conference of Indian Society of Hospital Waste Management (ISHWMCON) 2024 on 15th & 16th November, 2024 which will be preceded by hands on workshop on 15th of November from morning till afternoon being organized by University Environment Department (UED), King George's Medical University, Lucknow, U.P. There will be discussion on different rules, regulations and sustainable management modes of BMWM. Eminent speakers from both National and International fora will be participating in this conference.

Key Program Objectives

- To upgrade the existing knowledge and skill of Health care providers by making them aware about the recent amendments.
- To provide a common platform for discussion amongst various stakeholders, academicians, clinicians, nursing staff including ICN's, technicians, Hospital & Quality managers.
- To eliminate the hospital associated infection (HAI) by decreasing the in - patient days in the hospital

Target Participants

Stakeholders of the various District Hospitals, CHC's, PHC's, Tertiary Care Centres, Medical Colleges & Universities (both government & private), Private Hospitals/ Clinics, Laboratories, Ayush Hospital, Polyclinics & Government Child Vaccination Centre, Mohalla Clinics, various Bio Medical Waste Handling Agencies (CBWTF), Voluntary Health Sector, National & International Health Agencies.
